## LAST MEETING:

5th Thursday 1/30 at MARSHA GRANT'S home.

DORIS DANIELSON quoted husband, Dr, DORY FUNK. "This is a very bad flu year. It's not too late to get your shots. Wash hands frequently."

KIDS PASTA PROJECT dinner 2/24. This is a Rotary project with a silent auction and wine grab. Bring a bottle of *good* wine to club meeting for this event.

ELAINW BRETT talked in behalf of the Friends of Paradise Theatre (FOP). They are launching a major fund raising campaign to raise money for a digital projector to match a grant from the state and to raise money to make Paradise Theatre a community owned institution. The FOP will incorporate. This is being helped by the CofC.

## PROGRAM:

ANDY WINDSOR, BLM Outdoor Recreation Planner, who worked on the Dominquez/Escalante National Conservation Area (NCA) along the Gunnison River.

The Volunteers for Outdoor Colorado did weed inventory in 2013 along the Gunnison River, which runs along the NCA. There are three local NCAs: The Gunnison Gorge, McGinnis Canyon, and Dominquez/ Escalante (D-E) NCAs. This is included in the National Conservation Lands program, which are managed differently from other BLM projects, managed more like the national parks.

The history of the D-E NCA in-

clude petroglyphs and 8,000 years of habitation. The D-E expedition in 1776 was in Spanish territory. Then it became a part of Mexico. No branch of the the Spanish Trail goes through the NCA. In 1848 it became U.S. territory. In the 1880s the Utes were pushed out as the railroad came in along with settlers who engaged in agriculture primarily.

In 1776 the Federal Land Protection and Management Act, now the BLM, had preservation mandate added to it's use mandates. In 2009 the E-D was designated a NCA and The Dominquez Canyon Wilderness Area. This needs a Resource Management Plan, that fully involves the public in it's development by way of a advisory council and public hearings.

## TODAY:

MARJORIE TRUE, Nurse Practitioner, *What you should know about over the counter medications.*

## FEBRUARY 6:

DORY FUNK, MD *North Fork Ambulance Association.*

## DOGGIE BAG

Doggie Bags were named when a customer failed to properly store his restaurant leftovers and became ill after eating them. He sued the restaurant and won! The laws were changed after that so that restaurants were no longer liable for food-borne illnesses involving their food which is taken off the premises — as long as that it is labeled "pet food". (So, now you know.)
